# Simple Company Green Representative

# Our Process

Our process is highly refined which allows us to complete our projects on budget and on time. We begin by looking closely at your objectives and find out what you are you trying to achieve. Next, our in-house team works on all the aspects of the project. We then select the most effective solution needed to get you your results.

# Quality Policy

Management of King Faisal Multi Signs Services is committed to provide high quality general supplies, emergency relief products advertising solution and gives a way promotional visibility items and related services to its clients through meeting all commitments on time with the help of highly skilled & experienced human resources.

We will abide by all the rules and regulations relating to our working. We will create a culture of Quality where continuous improvement of our staff, our processes, and our procedures becomes a way of life.

We are dedicated to comply with the requirements of Quality Management System (ISO 9001:2008) for user satisfaction and continual improvement.

# Clients Focus

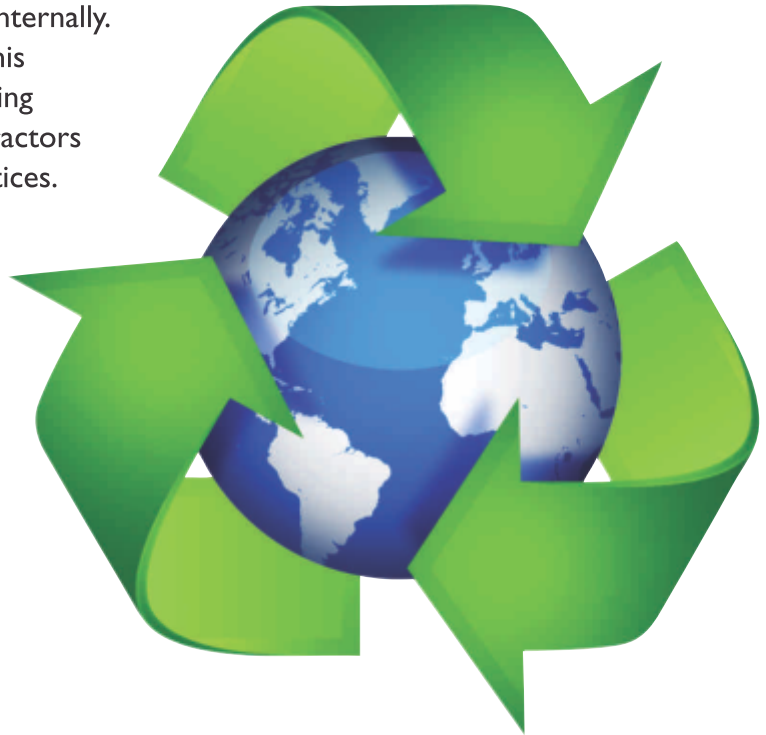

King Faisal Multi Signs Services strives to identify current and future client needs to meet client requirements and exceed their expectations. Top management ensures that client requirements are understood and met, by requiring compliance with documented client communication procedures. Client requirements are determined, converted into internal requirements, and communicated to the appropriate people in King Faisal Multi Signs Services.

# Environmental Policy

King Faisal Multi Signs Services is committed to providing quality products/services to its valued clients. We, as a team are committed to the protection of health and environment by all means available and are determined to rule out any adverse impacts as a result of our interventions. We, therefore are committed to:

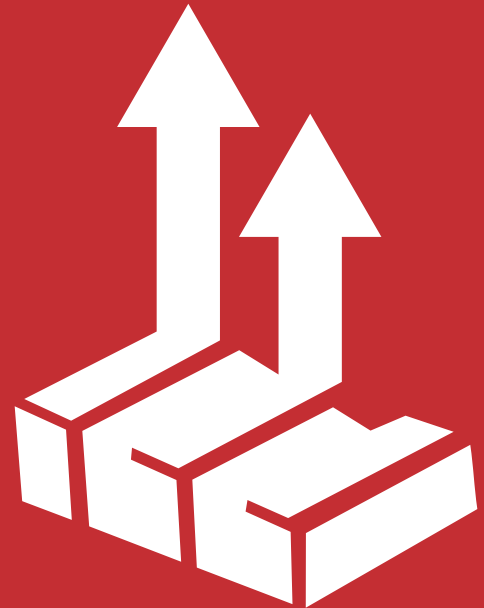

- \* Inform and motivate all our staff and contractors/sub-contractors and encourage them to play an active role in achieving King Faisal Multi Signs Services' commitment to its environmental policy.
- \* Set specific improvement targets, monitor progress and communicate results internally.
- \* Align our purchasing policy with this document which will focus on favoring suppliers and contractors/sub-contractors that adopt best environmental practices.
- \* Actively promote recycling both internally and amongst its customers and suppliers.
- \* Comply with all relevant environmental laws currently prevailing in Pakistan.
- \* Implement a training program for its staff to raise awareness of environmental issues and enlist their support in improving the Company's performance
